

Student Transition Engineering Program (STEP)—Experience college life before fall semester begins. Meet people majoring in engineering and have a network before classes begin. Learn how to utilize VT resources for students. Get to know faculty and staff in the College of Engineering.

Center for the Enhancement of Engineering Diversity, College of Engineering, Virginia Tech

Mentoring Programs—Meet other engineering students. Succeed in engineering classes. Have dinner once a month in a local restaurant. Seek advice from students who are successful engineering students.

Encouraging Creativity and Innovation

Women's Preview Weekend—Stay overnight in the Hypatia Engineering Community. Get a firsthand look at VT and the College of Engineering. Meet current students and faculty.

www.eng.vt.edu/ceed

Hypatia/Galileo, Engineering Learning Communities—Live on the same hall and take classes with other engineering students. Give and receive support in the pursuit of an engineering degree. Learn academic success strategies.

inVenTs—Collaborate with other students interested in envisioning, creating, and transforming innovative ideas in an inter-disciplinary living-learning space with four residential communities, including Hypatia and Galileo. With access to a state of the art design lab in Lee Hall, students participate in design competitions hosted by industry and engineering departments.
